GERIMA TOOLS MSA-SERIES SHEARING PORTABLE BEVELERS

COVINGTON, KY (January 13, 2009) – Saar-Hartmetall USA introduces a series of shearing bevelers to the North American Market with advanced features that are a cost effective solution for general edge and weld preparation. The GERIMA M-SERIES Portable shearing bevellers are offered in three models MSA200, MSA400 and MSA600.

- MSA200: features portable convenience with easy setup and convenient angle references; maximum 15mm bevel width; angle range from 22.5° to 55°; plate thickness up to 40 mm and portability, ideal for table top mounting. Advanced features include: 400V 16A two-speed reversible motor, the capability of producing upper bevels and quick & simple angle changes.
- MSA400 & MSA400-U: features easy setup and convenient angle references; maximum 20mm bevel width; angle range from 15° to 55°; plate thickness up to 40 mm and crane hook or optional pneumatic trolley is offered for portability. Advanced features include: two-speed reversible motor, and an extremely quick & simple angle changes. The “U” model has the capability of producing a lower bevel which eliminates the need to flip large plate during processing
- MSA600 & MSA600-U: features easy setup and convenient angle references; maximum 25mm bevel width; angle range from 15° to 55°; plate thickness up to 50 mm and crane hook or optional pneumatic trolley is offered for portability. Advanced features include: two-speed reversible motor, and an extremely quick & simple angle changes. The “U” model has the capability of producing a lower bevel which eliminates the need to flip large plate during processing

“These types of machines are tried-and-true. Shearing has been around a long time, but we have made the process less cumbersome with a host of advanced features. Customers will be able to produce both lower and upper bevels on a variety of materials easily and consistently”, says David Schreiner, Saar

Hartmetall Product Line Manager for Beveling Tools.

The MSA Series is offered exclusively by Saar Hartmetall USA, LLC in North America. For more information on Saar Hartmetall and a video demonstration of The Quicker Series bevelers go to: www.shmusa.com or call (859) 331-8770.
